**Security Excellence Awards 2011**

Scada Systems have been selected as a finalist in the Security Excellence Awards 2011.

The Security Excellence Awards celebrate the best people, projects and services in the security industry. Acknowledged as the 'Oscars' of the security world, this glittering award attracts participation of over 900 security professionals and is the biggest opportunity for the security industry.

Winners will be announced and Trophies awarded to the winners who have made a significant contribution to the security market through excellence, outstanding service and ground breaking initiative on Wednesday 19th October at the Hilton Hotel, Park Lane, London.
